

Napajanje 600W LC Power LC600-12 80Plus  
Bronze, APFC v2.31 12cm Fan

Šifra: 33580  
Kategorija proizvoda: Napajanja  
Proizvođač: LC POWER

Cena: 5.370,00

|                        |                                                                                                                                                                                                                                       |
